EXPERIENCE

Php Developer (Training 3 Months)

Company: Next Stage Company.

Work Date: 10/10/2023 - 10-1-2024.

- I contributed to the Nashama website by resolving issues related to user permissions. Additionally, I played a key role in developing a control panel for points of sales in another project

PROJECTS

Multi-Vendor E-Commerce Website

Graduation Project:

- Developed a multi-vendor e-commerce platform using the Laravel framework.
- Implemented features such as multi-vendor support, user authentication, product management, shopping cart, checkout, order management, ratings, and reviews.
- Utilized technologies including Laravel, MySQL, HTML/CSS/JavaScript, and Bootstrap.

Point Of Sales + Nashama Website

Next Stage Company:

- Designed and developed a Point of Sales (POS) web application for retail businesses.
- Implemented features for employee management, including tracking working hours and roles.
- Developed payroll functionalities to calculate employee wages based on hours worked and predefined rates.
- Integrated return movements management system to handle product returns and refunds efficiently.
- Leveraged JavaScript for dynamic user interactions and real-time updates.
- Designed complex business logic to manage inventory, sales, and invoicing.
- Utilized technologies such as PHP, Laravel, MySQL, HTML/CSS, JavaScript, Bootstrap, and AJAX for dynamic content loading.

EDUCATION

Bachelor's Degree (Zarqa University)

- Bachelor of Internet Technology 2018-2022.
- I graduated with a good average .

profetional Training Certificate (KTS Jordan Company)

- I led the development of a multi-vendor website during my time at this company.
